So many people got discharged, not taking advanced of the miracle drug, cure for all diseases, rather disappearing, in the internal, some call it celestial. Purpose is important here. Some do, some don't. Some just drag on, however the horse shoe theory, where all particles, nodes and links, come to one point, was discovered 200-300 Billion years ago, and mentioned that the play is already set for you. You have to come and claim it. According to the scripture, vedas are behind words, which make phonemes, phone meme, delivery of words, for social acceptance, or media, with nominal memes, are saguna brahman, music artists, with time immortal, delivery of rhythm, typing on keyboard, gesture on the phone, influence in a social setting, action and response, as validation, of lower and higher understanding, a pattern that can't be broken by violence. As mentioned in the scriptures, there are many layers of understanding to be claimed, however, they magically just work anyway. Mapped by Astrology, Palmistry and Numerology, palms and feet. Vedas and nominals are eternal. Whatever is in vedas, is pre-destined. Whatever doesn't belong in the vedas, get thrown out.
