Chapter: Valuation - Yellow Stone & FTX Investments - Returns = Dellusions, Wine Country, Mount Shasta, Silicon Valley California #blacklivesmatter #snoopverse #trumpsocial #nft #vft #vr #vr2 #web3 #web4 #nasa #nasawebb 2022 #merryChristmas #happyNewYear

We are seeing a HUGE amount of delusional behavior, minimum wage and below psychology, extreme trauma, recent events, where we purchased a real estate apartment, 2 bedroom, upstairs

and downstairs, with a patio, outside pool in the apartment complex. We bought it too high, and sold in, foreclosure. Compare this to society today, in the same area, with either FTX or Yellow Stone militia, near by. The valuation is really the delusion, that is so obvious, a social disease, where a man's beard means two things, to women. How to put on may's cup for men, also for women, called it METH BETH. Flip a coin, and head gets blown.

Earth's gravity, magnetic forces, electrons. Protons and Neutrons.

Chapter: DWEB - Alternative to #WEB, #WEB2, #WEB3 and so on - Decentralizing World Wide Web - Design Components - Security - Ownership

As we move into building WEB3 NFT components, the discrepancy of skill is so large - All American, WEB, WEB2 and WEB3 infrastructures, and the rest of the world still has a lot to learn, not to mention Americans themselves, in awww with the affects of WEB3, lifestyle, etc. One of my colleagues, with who, we build social networking platforms together, a decade and some time ago, aggregated value of trillions, suggested, DWEB. At first, my first thought was that I work with front end components, full stack engineer and most of the façade between WEB3 and other people is the skill set. Later I realized the need for decentralizing WEB is more than just skill - It's ownership. All across the world, this is a chance for other countries to define their own set of design components, including security, and mesh into the WEB platform.

Chapter: Virtual Reality vs illusion - #VR #VR2 #WEB #WWW #WEB2 #WEB3 #WEB4 Training - Age Groups from 20 - 60 years old - Eye Palette - Senses / Hearing, Music #startups #vc #blacklivesmatter #NFT #VFT

As we continue to study virtual reality this week, we are working with a number of design patterns. These patterns turn into applications for many industries, yoga, military, medicine and a breakthrough. However, most important is the palette. If you are a gamer, you understand consoles. Different consoles have various displays, however, to pick a palette, for example, meta quest 2, you see graphics, custom to your facebook experience. You can choose to work with xbox and playstation VRs, however, the web4 design will currently ONLY be available on quest 2. You can build space VRs, metaverses, and live in it, in synch with the Universe, automatically. Your illusion is my reality, says the father of bitcoin.

Chapter: Venture Capital Investments - Food Austerity: #COVID #SoftBank #Sequoia - #mRNA #DNA #ANTIBIOTIC #PROBIOTIC #ABIOTIC Advancements - #WEB3 #NFT #NASA #NASAWEBB #HODL

We are at the point of complete overhaul, of the government technology. Currently, only customer service available, no tech to back up any assumption, local or state, according to television, "nothing can be trusted". Planting false evidence with guns.

Chapter: Dead Tech & People Extinction: Rich & Poor Forecast 2022 & Trends of #Investment / Future of #VentureCapital #China & #India #Australia #ETF - #EU #BREXIT #NFT #WEB3 #ITAR #Crypto #Software #Ukraine #sxsw #nba #wnba - Population Decline 2100 #Asia - Less Folks, More #Money

As we examine the world this summer, we are seeing a steep decline in education. Children, especially Europe, are getting stupider, perhaps by design, China & Russia virus, who are eagerly trying to erase history, but the problem is, the educated people are no longer available, or the stronger ones. So there is nobody to save the dead society, now completely based upon BRICS for survival, air conditioning during hot days and heater during winter. With that approach, we are also seeing steep decline in population in the corresponding countries. Hence by 2100, the map of the world will be different.

Chapter: Venture Capital Assessments: Twitter Deal, Interviews Management Hierarchy - Hiring Above or Below / #Facebook #startups #socialmedia #nft #web3 - Velocity in #Lean & #Agile vs Typing on #SocialMedia All Day - However, think as a #CEO of a #Corporate

While in my full stack engineer career, coding at 450 lines of code in 45 minutes, 6 seconds per line of code, compare to working at a corporate, hired under, like Facebook. I went for interview, by a 2-3 years of experience, engineer. I coded what the Facebook engineer asked. The engineer couldn't assess what I wrote, in the code. So I left. Compare this to Twitter Deal, with Mark Zuckerberg behind, how will it turn out? Law suits and a 17 years old company, like AOL? Trying to stay alive, and continue bullshitting wall street?

Just seconds after the opening bell, Johnny Diamond finds himself in the Heels' corner being illegally assaulted by the Crusher.
