With advanced yoga and tao practices, where life and death becomes the same, however Spirit lasts forever. Get to see It's Creation, from Heavens above, made up of radio station, activity and the world, as family, you realize, that without love, however love being shared and results. Everyone has this birth right and sure, in this 8th wonder, a wonder, a human opening up of light, with cyber security, however, many people became rich, didn't share the wealth. Then we experimented with Radio Station, activity, to find the water cell, Hydrogen, and Oxygen, that saved as, as if you put metal in water, water regains it's course, so the Uranium and metal particles, are no longer in service.

This appears to have been a false alarm: New NORAD statement says “NORAD detected a radar anomaly and sent fighter aircraft to investigate. Those aircraft did not identify any object to correlate to the radar hits. NORAD will continue to monitor the situation.”

Chapter: ITAR National Security Reasons - Greater Idaho / Benghazi

Greater Idaho / Benghazi, National Security Reasons, Canada.

Chapter: ITAR Alaska Canada Montana Air Space / Department of Defense

If this trajectory map is even approximate, said "trial balloon" spent very little time in US airspace over Alaska because Alaska is smaller than Delaware. YES? NO? P.S. maybe it was moving too fast for F-15s Gen.Smiley-Face should know. DOES HE??

Chapter: ITAR Refueling - wild watching a refueling flight for F15s with ADS-B off

Unfound, footage, refuel.

Chapter: ITAR - Benghazi Bad Data / Hillary Clinton

Certainly something interesting on Weather Channel Satellite, for radar. The CC values are higher which normally wouldn't correlate to debris/chaff, but the location is suspicious near the Temporary Flight Restriction for national defense. The tool, is trying to be VR. Radar needs to focus on elements on the board, not UI / UX problems and tool impossible to use. Remember, Benghazi tools? Now they are coming on the ground. Honey moon period, peace time is over. Some folks got a second wife, some more children.

american periphery coming from asia >f22s and f15s intercept and shoot them down BROS.

Chapter: ITAR Hays Moa - Benghazi / Greater Idaho

Hays Moa - Out of Dead Soldiers, military operations area. Lights out, approved military operations. Another Squeeze. Flight simulator, F35, stealth mission, radar locked, send 5, wipe out the whole country, no toilet paper or wrapper sound after that. Sounds are different in the area, Benghazi. Made out of dead bodies.

Chapter: ITAR Great Falls, Montana - Yellow Stone

We forgive you, we love you, nice try, California Dreaming, Hotel California, return from California, Montana, not the same among others. But we forgive you. FAA, air space closed, Montana Businesses, in trouble.

Chapter: ITAR Battlefield

Especially when Greater Idaho business is over, but what was the employment history, and background check before that and whether Benghazi? Now that the battlefield is starting. What are the options? Airports are closed, travel plans tomorrow. Intense night.

A wrinkle for my fellow Western Massachusetts brethren: The shutdown of the Chinese balloon was carried out by an F-22 Raptor from Joint Base Langley-Eustis, but with support from F-15s from Barnes Air National Guard Base in Westfield, Mass., according to senior U.S. official.

Chapter: ITAR Montana Air Space

Major Operation, Ongoing, map.

Chapter: ITAR Map Intel Bombings / F-35 Auto Pilot / Targets - Undisclosed 5.

Harder targets, match aggravation, there won't be any, after this, provocation.

Chapter: ITAR F-16s, Pakistan, Saudi Arabia, Qatar, British and American in the Air - FAA Airspace Closed, Northern Montana

FAA, airports closing soon. Multi international aerospace shut down. Department of Defense, Operations.
