

The AI Book

Subtitle: Advanced human engineering.

Author: Bilal Ahmed

Copyright: 2024 Bilal Ahmed

This book contains models & theory based on experiments & experience with various models, an aggregation of integrations & layers, covering mRNA growth, brain interface technologies, results of nuclear experimentation and international frequency programming, with AI technologies & automation of subsystems and parts within our DNA, both positive & negative directions.

Chapter: Team / Re-organization Sports Coin

Bonus - Team. Equal distribution. VC & Drug mafia, migrants LLM, international, locations. Formula: I model, Q model, auto switch, thought, alone vs engagement, with someone. I+, i-, q+, q-.

Chapter: AI Hotel Party Model

With our AI Hotel Party Model after the wedding Model where a terrorist Model just left the room after a gentleman seeing women & children said, "over my dead body" and the terrorist heard it, ready for a dirty job Model, where the terrorists have to ask themselves something, messing with their AI models, not having a party on social media Model, without user testing Model, spending trillions on tools, causing plague model. Meeting model + pipeline model + Broadcast model, left + right model, inner model + outside personality model + switch model, prostitution model, earn & burn model, catalog model + virality model + spiral model, boobs + dick, infinite model for 4 kilos, 2 kilos, new monetization system, trial model, full deployment plan model vs 2 kilos, all time, suffering model, cause + affect model, pressure model, dehumanization model, pimps + hoes model.

Chapter: Founder Mode - Locker Room Coin

Storage.

Chapter: Founder Mode - Acting Coin

64 billion coins.

Chapter: Founder Mode - FamilyHelper LLM (Parents Class)

```
Public Class FamilyHelper {<br> //parents class<br><br> Protected familyLlm;<br> Protected  
boolean fatherFucked;<br> Protected Boolean motherFucked;<br><br> Protected boolean  
didFatherFucked(){<br> //return true or false;<br> } <br><br> Protected boolean  
didMotherFucked(){<br> //return true or false;<br> }<br>
```

Chapter: Founder Mode - Happy Thanksgiving Coin / Acquisition #7

Congratulations- Alaska, Venezuela, Nigeria & China Investors. Old Coin, refurbished, digital biometrics, web4, web5, web6 & web7. \$1 million new coins. Gp, lp.

Chapter: Founder Modes

Cc #foundermode #moviemode #audiomode #trumpmode #entertainmentmode #pitchmode

Chapter: Founder Mode - 25r

Ferris, hub, Musk, on / off. 25 circle, circumference.

Chapter: Founder Mode - Original Copies Algorithms

Buttons.

Chapter: Ghost appeal

Ghost mode - Menu package wholesale local international endorphins appeal exotic fragrances
flavor fantasy spice ambience ease temperature taste guidance nudge

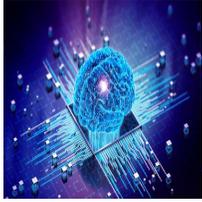

Chapter: Founder Mode - Epigenetics Helper Class

```
Public Class Epigenetics {  
  //parent class  
  //Protected inherited by sub classes  
  Protected boolean isAFucker;  
  Protected boolean isACreator;  
  Protected epigeneticsLlm;  
  Protected epigeneticsTree;  
  Protected boolean  
  areRelationshipsFucked;  
  Protected boolean isAngry;  
}
```

Chapter: Q Model

Our AI model, called the Q model, as the quotient between negative and positive, q-, vs q+, measurable in every human being, and the journey a human takes for the lowest and highest accomplishments, however the desire in either direction for power, a quick short cut, q-, creating the pyramids for it rather agile & Lean, where the result is q+, longer gain, shorter pyramid, an organizational structure connected to human organs. Q- based on water fall but when water crashes, the cells are connected, to the matrix, create the creation themselves, fully automated.

Chapter: Founder Mode - Kleptomania / Startup Acquisition #8

After building social networks for 19 years, space algorithms for 27 years, space particles, tied to our DNA, cell & nucleus, for both living & non-living objects, passed all known matter, while society is suffering from a variation of Kleptomania, the virus being the cause & affect, the cure being, crippy, an experimental social drug that can cure, AI, digital crack, where our startup got acquired by Egypt, Peru, China, Kenya, Mexico, Europa and India investors! <https://mailchi.mp/083a8abca0bc/kleptomania-vs-startup-acquisition?e=f511e6c311>

Chapter: The pivot pattern

Release v1.1, breakdowns. Type, behavior, kind.

Chapter: Founder Mode - Quality Coin

8 billion coins.

Chapter: Founder Mode - Moo Deng

Validation. 30 YouTube videos, uncensored. Privileges. English.

Chapter: Founder Mode - Real-time AI Shit Show Hedge Sweet Spot Sweat Spit

Network sniffing profiles, defensive offensive churn, dna migration.

Chapter: Microcosmic Cell

Cannibals included, device, social media, family need, ghosts also. Imperative vs Declarative code generator, switch, loop, frequency, sound, volume, knob, conversation, market place, acceptance, smoothness, love, raw, experience, will, enjoyment, taste, learning, exchange, rider, timeout, hood wink, waiting game, threads, play, management, playbook, laughter, fun, games, chewing, smell, feeling, mind, vision. "See God". ** Big brother, small brother **

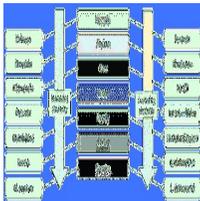

Chapter: Founder Mode - Microcosmic Santa Claus Coin

10 coins each, 2024 bonus, option 2025 40 coins each, 2026 50 coins each, 2027 100 coins each, 2028 200 coins each, microcosmic.

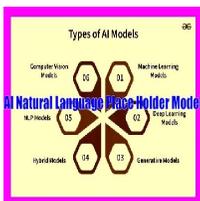

Chapter: Founder Mode - Countries

Oakland, Dubai, Japan, Mexico, Afghanistan, Columbia, Pakistan, UK, Ireland, France, Saudi Arabia, Iran, India, San Francisco, Berkeley, North Carolina, San Jose.

Chapter: AI Natural Language Place Holder Model

With natural language, triggers, pre & post models where each word is a model, pre and post conditions, aggregated data set, model, with pre & post conditions as the gap narrows within the narrow model, to create super intelligence model, where the generative model is a witness, of the upload & download model, consumer & producer for Mrs Johnson model, and Linda model, our chief product officer, model.

Chapter: Public Class Black Hole Test Framework Class

```
Public Class BlackHoleTest {

Chapter: Founder Mode - Story Road Seagull Coin

When the Spaniards came to South America, the spaniard met the Mexican. The Mexican spoke 3 languages, English, based on Engle, an angle human being, Spanish, based on Span, meaning large, ish, meaning their invention and local Marathi. The spaniard was astonished by the Mexican and offered gold if the Mexican could reach the natives, Spanish. The Mexican offered the knowledge of the pyramids, machu pichu and all historic sites. Hence the conquest began. The Mexican knew they will take everything anyway, and by way of peace, both sides will win. Hence catholics started investing in their missions in Mexico, California, Columbia, Peru, Argentina and Brazil. Although Brazil was closer to African colonization and slave trades, sex workers.

Chapter: Founder Mode - OPEC Deal

Shopping AI, 4 years deal, new presidency.

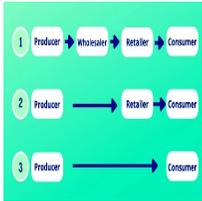

Chapter: Mode - Founders

Various modes: AI, data model, properties, timestamp, delivery, acknowledgement, social validation, trash, news, money, human & appreciation quotients.

Chapter: Founder Mode - Indirect Channels

Producers, Wholesalers, Retail Sales, Consumers, wavelengths, utilization, reports, demographics, migrants, localization, family vows, 1500 - 30000, -1500 - 35000 years.

Chapter: AI Rosewood Wedding Model / Family

With the AI Rosewood wedding model today with family & guests model, we are going to be testing singular vs plural model, virtual reality with energetics, super emotional model for super senses model vs super intelligence meaning model, for SIQ, super intelligence quotient & SEQ. Super emotional quotient, within I, models, with SVC, super venture capital & super entrepreneurship model, SEM.

Chapter: Ghost Technology

Ghost testing mode - Hot seat, legal, team. Ghost said, spy. Intercepting messages, redelivery to the organization, bbq & ghosts. Budget, paranormal experts. Most people are not tech savvy, receiving ghost messages, international. It is a nomena, what people don't know what a nomena is and ghost phone usage and acting, ears dropping notifications to the management & home, ghost network, play. Ghosts are speaking. Ghosts are asking, what is the problem? The ghost answered none. Bandwidth intercepting to the chip, phone for later digestion because you can't eat it all. Food for later, younger people and some for older people, for bbq team, quantity & quality for the ghosts.

Chapter: Founder Mode - The AI Book Review

Code review, bonus 1 coin each, 33% ceo. Cto & cpo. Stream, ai reach. Recalculate coins.

Chapter: Founder Mode - Creation Coin

99th. Object model. 1 coin each.

Chapter: Type - Founders

Various types: AI, data model, properties, timestamp, delivery, acknowledgement, social validation, trash, news, money, human & appreciation quotients.

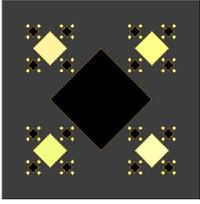

Chapter: Founder Mode - Holy Trinity Elon Musk AI

\$1 million shares, blue gold.

Chapter: Founder Mode - Input / People, Output / Recursion

Spinning.

Chapter: Founder Mode - klepto shutdown

P.infiniti.

Chapter: Movie Mode - Page View Coin

Page View = You = Page View, data model, class, objects, properties, methods, global variables, threads, photos, videos, music, friends, communication, self. 10 coins each. Nora virus, brain, brawl. Orange.

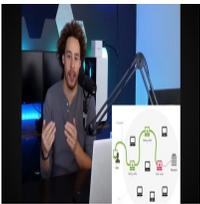

Chapter: Founder Mode - Tower Core Timestamps & Logs

Laughters.

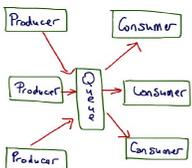

Chapter: Node operators

Customer service, beta testing, Ukraine, russia, india, mexico and others. Brics security framework.

Chapter: Consumer Producer Model

While a user in the model, is whether producer or consumer, for example an executive or director, both having their own models, inheritance vs delegation, looks at employees vs Netflix as a producer vs consumer, or looking at the phone, consuming and producing a text, or on social media, where engagement model controls with the algorithms model, with AI, or testing models with company users, listening to producers all day and consuming what's necessary for the report model with algorithms deciding what to write, in engagement model.

Chapter: Manager Mode - Sound tracked Service / Muse Service

Soundtrack music.

Chapter: Founder Mode - Object Oriented

Inheritance vs Delegation.

Chapter: Horn Mode - Camel Coin

Lemonade. "Cow", "horse", "freezer", "amble supply", "dry humping", red vs yellow, "red more potent".

Chapter: Horn Sample #5

"Notorious", gestures, Epigenetics. "Because of that fucker", she says, "microcosm, speaking", color coded imaging, seeing, "photo", "photo album addiction". "Social media later", "grand children photos on Instagram", "mommy missed out also", "textual", "for that fucker", "my daughter", he says. "American problem", "rest of world, addiction". "They want it bad". "Americans turning gay", nomena.

Chapter: Founder Mode - Brand

Design & palette, black, white, yellow & brown. Blocked profiles. Tower brand. Crippy. Digital, Electronic, Jewelry. Object oriented, data model, inheritance & delegation. Validated, jumped over.

Chapter: Founder Mode - Rosewood

Servants. Business, customer service, development. Etiquette.

Chapter: Founder Mode - ManagementLlm

Public Class Management { GarbageCollection collector; Characteristics characters; Timestamp timing; Blueprint specification; Behavior constant; Addiction sentiment; Texture substance; Original metaverses; Loyalty loops; }

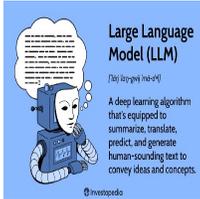

Chapter: Founder Mode - AI Jobs

Bot.

Chapter: Founder Mode - ModeLLM

```
Public Class ModeLlm {<br> //parent <br><br> Protected boolean founderMode;<br> Protected boolean fuckerMode;<br> Protected boolean hedgeMode;<br><br> Protected enumeration types{ancestral, behavioral};<br><br> Protected enumeration classes{human, spy, positive, negative, verbal, phone, social, VC};<br> }<br>
```

Chapter: Overseas Coin - Founder Mode

Money, "bless our money",. "For you and me",. 50-50.

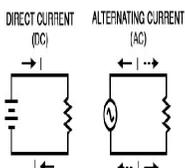

Chapter: Movie Mode - Linda, sequel to Plantation

Linda's husband, chinese lover & Mexican affair, gay son & jealous daughter.

Chapter: Founder Mode - Direct Current

Alternative currents, pathways, networking, blocked profiles, castle, moat.

Chapter: Empty String

Microcosmic cell, movie mode, management mode - Elon, Mishra & Maye, sexual relationship, orgy.

Chapter: Dragon Ball Relationships

dm: Responsive Society, men size, 0.01% white male (fat), skinny Asian female (love), fixing marriage and the white bitch, she says.

Chapter: Movie Mode - White Coin

40 coins each.

Chapter: User Model

We have to consider engagement while in user Model. The 'doing' vs the projection of it, the 'knowing' vs acting of knowledge, the known vs unknown models, that gather the formulas and build upon each other. The cost, defined in hardware, vs virality, engagement metrics and retention cohorts which are also models for interaction & social metrics, whether you are social or not. Models defined in plain English which are also language models, in any language with translation as models. Archetype models, for example policeman, etc.

```

Chapter: Manager Mode - Doing Service - Servants, coin threads.

Listening, talking, problem analysis, eating, farting, peeing, shitting, breathing, response, loop, infinite, sweating, nucleic acids, insanity, management. Game play, team.

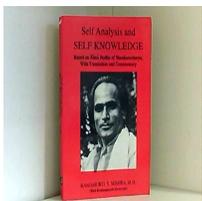

Chapter: Founder Mode - Dead Bolts

Fear, death & horror. Resolution & wave length.

Chapter: Acquired Lead (5 VPs)

India, China, Russia, Pakistan, England, France, Davos, wef, wto.

Chapter: Founder Mode - Immigration Reform

Conversations.

Chapter: Founder Mode - WHO & NATO Deal

I & YOU defined.

Chapter: Manager Mode - Migrant Service

Resume.

Chapter: Founder Breakout

Team: Invention, Drivers, Builders, Adopters, Pivoters, Daily Grind, Digital Story Keeping, Tools, Investments, International, Guides, Expansion. Competition allergies, for example, from the grave.

Chapter: Clinical Study Mode - Vision Pathy Prompter

Quad sec. Acquisition celebration.

Chapter: Egg Model

Fetus, as the universal egg, however with AI, detailing a small vision, to an equation but without understanding the principles; Creates a very dim representation of the whole, utilizing the Q principle, the intellect within the intelligence, molecules. Much to explore between the known vs unknown principle, within the egg model.

The Universal Egg Equation

$$t = \frac{1}{2} \left(\sqrt{1 + 4a + 4b^2} + \sqrt{\frac{1}{4}(1 + 4a + 4b^2) + \sqrt{\frac{1}{4}(1 + 4a + 4b^2) + 16a^2 + 16b^2}} \right) + \sqrt{\frac{1}{4}(1 + 4a + 4b^2) + 16a^2 + 16b^2}$$

Chapter: Founder Mode - Political Prisoners

Scum bags. Access revoking.

Chapter: Co-Founder Type / Mode

Cc #founder #foundermode #foundertype #cofoundermode #cofoundertype #type

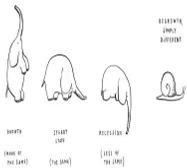

Chapter: Founder Mode - Witches o' bitches

For the queers, ditches.

Chapter: Founder Mode - Degrowth Co-efficient

factors algorithm (factorial) - (factors++...) + environment / time = factor. condition, etc, x
factors = co-efficient factorial, de-growth, recursion.

Chapter: dm: old age, dysfunctional brain, learning, acting of learning. social validation. satisfaction, pleasure, love, joy, excitement, psychopath, validation, wife.

Wife says, "fuck him", golden seal. She says, "it's always like that" and then she carries on whatever she is doing. We could make a movie called Dragon Ball, digital experiment when your country doesn't love you.

Chapter: Updates

Addiction.

Chapter: Movie Mode - Brown Coin

20 shares each.

Chapter: Shop Ventures NFT - Founder Mode, Acquisition #8, Coin

Bonus * 2, recalculated shares, past equity conversion, new shares allocation, 50%-50%, factorial, 4 years vesting period, bank fees, network. AI, llm.

Chapter: Nigger Coin

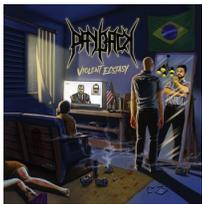

Algorithms, browser cache, vpn, spam, camera, profile network, search, keywords, digital,

electronic, current, grid, private, public, gps, suggestions, behavior- 50% cashed, previous coins, \$1000000000 zillion shares, allocated, investors only.

Chapter: Movie Mode - Black Hole Productions

** Start tripping **

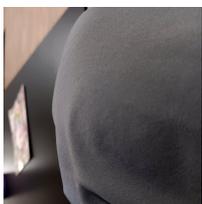

Chapter: Founder Mode - Nine Inch Mount Shasta Stream Friend Updates

Mystic river nails, in water, microcosms, play, mountains, dirt, soundtrack, ghost busters, rock n' rap, flow, action, movie, parking lot, male / female cell, Infiniti play, validation, attention, churn, tooth picks, employment, weekend, utilization, crippy, psychosis, downward spiral, family wheel, existence, angles, education, geometric, holographic.

Chapter: Elections 2024 - Founder Mode

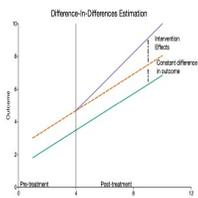

Founder Mode / Founders Mode - Election 2024, news, social media & vote.

Chapter: Difference Model

Indifference, different in differences, effects and interventions, inventions, comparison models, validation, social virality, algorithmic models, differential equation and outdated math models, digital with no user testing, AI models, frequency models, of acceptance or Rejection both by organizational models and also implementation models that are different although the interface models are same by copying models, from English to other language models. Pre-treatment & post-treatment models.

Chapter: Investor Meeting: Models[] as SuperClass, SubClass

At Rosewood, Sand Hill Road, investor meeting we define a subclass of all the models[], which became a superClass of all the future models, with ancient Models as a reference to the new model.

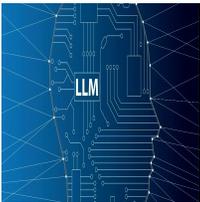

Chapter: Movie Mode - Yellow Coin

30 coins each.

Chapter: Founder Mode - Extended Family Helper Class

```
Public Class ExtendedFamilyHelper{  
  //parent

}
```

Chapter: Mental Health - Social Media

Hierarchy- Psychopaths (lack of social / sociopathic), neuropathic (understanding). Floating, anger, violent, no brain, no brawl, no words.

Chapter: Founder Mode - Bow Down Coin Bonus

Core technologies, etc.

Chapter: Founder Mode - Police Patch / Round Closed - Bollywood / Hollywood / Music Industry

Film, Bruce Lee & family, defense, news & media, VC, eGovernment, tracking, business AI, social AI, IIm, social network, television, radio, podcast, newspaper, 60%, Startup schools, entrepreneurship training. 2 sons, Elon & Mishra. Rajesh Khanna, Salman khan, amitabh bachaccan, jai bahudri, rekha, rakhi, rishi Kapoor, netu Singh, Aamir khan, sharukh khan, Raj Kapoor, Shammi Kapoor, Sashi Kapoor.

Chapter: Founder Mode - Fu

Blocked profiles.

Chapter: Quad Sec Dosage - Patient Ids

Whirlpool guidance. "Better", says one patient. The other, strong alcohol odor.

Chapter: Manager Mode - Boss / Dog Service

Resume service. De-generation, dGenX.

Chapter: Manager Mode - Director Service

Directional. Feedback loop. Toilet operations, home, memory service, mrna injection bandwidth.

Chapter: Founder Mode - Globber Encapsulation

Object oriented, Inheritance, Delegation & Encapsulation.

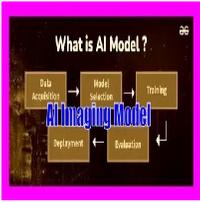

Chapter: Founder Mode - Film, Scenes, Action, Actors, Roles, Groups

Script, sound track, characters. Next scene. Sound track. Volume levels, climax, acting performance.

Chapter: AI Imaging Model vs Textual Model

With the AI Imaging Model, downloadable Model from super intelligence model, which landed us a meeting with Rosewood Model, during marriage Model with the chief executive officer Model, meeting a venture capital and investor Model. Compare this to textual Model and elections 2024 Model where you see a parallel Model, downloaded to our users that said, "fuck him", for Trump Model as president.

Chapter: Founder Mode - San Acquisition Coin / #9

2 coins each, south American investors, Brazilian CLI, witnessing city business meeting between Chinese & middle American.

Chapter: Founder Mode - PaletteLLM

```
Public Class PaletteClass {
